Several Reasons For Success

Rescue Squad members of Appomattox realize that you don't get to the top without help . . . , and their friends, the volunteers from different communities who helped to knock on doors "made the big difference" in collections, this year, say the Squad members. These helpers canvassed the Hixburg - Hollywood area Thursday night, Oct. 22 with more than $800 raised to send the Squad drive for $12,-500 "over the top" with more than $13,000 now available for the ambulance and equipment. (That empty hat in the second row belongs to a hardworking, but camera shy Rescue Squad member!)

Wheat Research To Be Aided

Appomattox County wheat growers are directly involved in the new Wheat Research and Promotion Act, a cc ording tc J. F. Alvis, Jr., Chairman of the Appomattox Agricultural Stabilization and Conservation (ASC) Committee.

Secretary of Agriculture Clifford M. Hardin has said, "Domestic utilization of wheat in human nutrition and industry can be encouraged by the recently enacted Wheat Research and Promotion Act. The prospect is quite promising that research can develop new products and greater utilization of wheat."

Financing of the program under the new law is to come from proceeds of the 1968 wheat export certificate pool not claimed by eligible farmers.

"Local wheat growers whose share of the export certificate pool amounts to $3,00 or more have received notice directly from Appomattox County ASCS office telling them what their share of the pool is and explaining the options each grower has," Mr. Alvis, said.

A producer may choose to receive his share of the export certificate pool or he may leave it in the pool to finance the research and promotion program.

Wheat growers in Appomattox County, entitled to receive less than $3,00 will not receive a special notice but they can nevertheless claim their share of export certificate by filling a written request for payment with the county ASCS office. Each producer's share of the export certificate pool will amount to about $,56 for each $100,00 of 1968 domestic wheat certificates earned.

Wheat growers will have until December 25 to notify their county ASCS office of their choice.

The 1968 wheat export certificate pool of about $4.2 million is the result of legislation passed several years ago that provided for excess collections of export certificates to be distributed pro rata among wheat producers.

Wheat exporters are required to buy export certificates for any lot of wheat exported whenever the U.S. price is less than the world price. Whenever the U.S. price exceeds the world price, an export subsidy is paid to the exporter to make the wheat competitive in world markets.

The world market price for the 1968 crop of wheat was at times higher than the U.S. price, and an export certificate pool accumulated. The original law provided for this pool to be divided pro rata among wheat producers. "For most producers, it would be a payment of only a few dollars - less than a dollor, in fact for many," Mr. Alvis said.

"The new law allows them either to receive their pro rata share, or leave it in the pool to be used in research and promotion of U.S. wheat," he added.

The law authorizes the Secretary of Agriculture to enter into agreement with farm organizations representing wheat producer interests, such as the newly-formed National Wheat Institute, to carry out research and promotion.

The Institute is a non-profit organization representing a cooperative effort among wheat producer groups to increase domestic wheat usage. The Institute incorporates the requirements outlined by the U.S. Department of Agriculture for eligibility to receive contracts under the program.

ADVENTIST CHURCH

Rufus B. McDannel, Pastor
Sabbath School Lesson 4 for Oct. 24, 1970
Subject: Healthful Living and The Third Angel's Message
Key Text --"Seek the Lord, all you humble of the land, who do His commands; seek righteousness, seek humility; perhaps you may be hidden on the day of the wrath of the Lord." Zephaniah 2:3. RSV.

"To make plain natural law, and urge the obedience of it, is the work that accompanies the third angels message to prepare a people for the coming of the Lord," Testimonies, Vol. 3, pg. 161. It should be emphasized that the doctrine of healthful living is not the third angel's message itself. "The health reform is closely connected with the work of the third message, yet is not the message." Testimonies Vol. 1 p. 55. We should read and study Rev. 14:6-13 carefully for background and context.

Lesson Outine --1. The message of climax. Rev. 14:12. 2. How to Present God's Message. Mark 2:9-11. 3. Prophecy of Christ's Perseverance Isa. 42: 1,4,13. 4. Healthful Living and Sanctification. Rom. 12:1,2.5. Power of Example. 1 Tim. 4:12, 16. 6. Solemn Natures and Divine Instruction. Hosea. 6:5,7.

The Church and perseverance of Jesus Christ is needed more perhaps in conquest of bad physical habits than in any of the wrestlings of the soul within. Often the health reform is attended with difficulties, not only in living it, but also in teaching it to the world. A great deal of moral courage is required to change a life-time of bad habits. But for all of the conflicts of mind and spirit over the body there is the example of Jesus, the world's best reformer, to encourage us. He never failed nor did He become discouraged. He persevered and won the victory. So may we. The apostle Paul pleaded with his converts to turn over their physical "members" to God as "instruments of righteousness" and not unrighteousness. Elightened reason was to control, operating a divinely strengthened willbut reason was to be subject to the guidance of God's Word, not impulses and impressions and Sanctification of the whole man would result, 1 Thess. 5:23, also Rom. 12:1,2. Rom. 1:24-27. Rom 6:19.

The Lord - Himself speaks to us through his prophets Amos and Hosea, today. Listen to this message Hosea has for all people of all ages. "I hewed them down by the prophets: I have slained them by the words of my mouth: and Thy judgements are as the light that goeth forth." "But they like men have transgressed the covenant: there have they dealth treacherously against me," Hosea 6:5, 7. "The days of heaven is seeking to purify and refine His church. Read Mal. 3:1-3. The night is far advanced: day is about to dawn." Sabbath School --9:45 a.m. Worship Service -- 11 o'clock
